Section C In this section you have the opportunity to tell us about yourself, your achievements and any work experience that you've gained. The aim of QUEST is to identify high achievers and all-rounders, so it's worth taking time to consider your answers carefully to give yourself the best possible chance of being selected for interview. You **must not** exceed the allocated space for each question.

1) Please explain why civil engineering is the career for you. *(Consider what inspires you, what exposure you have had to the industry, what you are looking forward to, where you hope your career will take you, what you hope to achieve in the future and why, giving examples where appropriate – up to 3000 characters)*

.....

2) Please explain which aspects of your degree course you are most looking forward to and why *(up to 1000 characters)*

.....

3) What is your greatest personal achievement to date? *(Explain the importance of this achievement to you and what this involved. Give details of exactly what part you played in this activity or project. Note that this should relate to your personal life, extracurricular activities and hobbies, not your academic performance - up to 1500 characters)*

.....

4) What other experiences, skills or achievements (such as linguistic, artistic, musical, charitable activities or any other non-civil engineering employment) have been of benefit to you? *(up to 1200 characters)*

.....

5) Explain what knowledge and experience you have of the civil engineering and construction industries and what influence this has had on your decision to undertake a civil engineering degree. *(N.B. This can relate to, but should not be confined to, benefits of work experience – up to 1200 characters)*
